# Yacht heli-skiing in British Columbia

BELLA COOLA – THE WORLD’S LARGEST SKI AREA

Sailing the spectacular fjord network that fissures the British Columbia coastline, you’ll have access to 3.25 million acres of prime powder – the largest ski area in the world. You’ll focus on the exclusive region of Bella Coola.

With deep powder, a stable coastal snow pack and huge terrain, the coastal range of BC is famed as having some of the finest skiing. You’ll explore it on *the* first, and only, climate positive heli-skiing operation – one that’s been voted the best in the world multiple times.

And, with the flexibility of both a catamaran and heli operations, you’ll be able to make the most of weather and snow conditions to be the very first to ski new lines.

Throughout, whether sailing or flying, you’ll also be treated to truly breath-taking views of snow-capped peaks and meandering fjord waterways.

Each day, you’ll return to the comforts of a leading catamaran, complete with ski-lodge-quality salon, massage room and eight, well-appointed cabins. There’s even a hot tub deck-side.

It’s all just a short, 70-minute flight from Vancouver.

# Highlights

## ULTIMATE SKIING

Whether hardcore ski bum or hesitant first-timer, you'll have access to some of the world's premier ski guides, who'll make the most of the weather, snow and the yacht's flexibility to showcase the best of the deep powder and stable snow pack.

## WILDLIFE SPOTTING

From bears, moose and deer on the shoreline to soaring eagles and a variety of seals, keep your eyes out for the local residents.

## BEACH CAMPFIRE

Unwind and swap stories round a fire set up on a gorgeously located, fjord-side beach.

## KAYAKING AND SUPS

Explore winding river estuaries in search of wildlife.

**CLOCKWISE FROM TOP** | Skiing new routes  
Picnic lunch | Group skiing of up to eight

#### GEOTHERMAL SPRINGS

Take a break from skiing and enjoy a soak in natural hot springs, beautifully set on the water's edge.

#### FIRST NATIONS CULTURE

Head ashore to come face to face with the region's indigenous past, meeting First Nations people and taking in 5,000-year-old petroglyphs.

#### ICY SWIM

Refresh your muscles with plunge in the fjord waters.

#### FISHING

Try your luck casting out for spring salmon, crab, prawns and halibut. Your private chef will even prepare your catch for a sumptuous dinner.

**CLOCKWISE FROM TOP LEFT** | Horse riding at a local lodge  
Formation skiing | River fishing | Hot-spring soak

The yacht

# MV Cascadia

EXPEDITION-STYLE CATAMARAN

Skimming the wilds of the British Columbia coast, this light, spacious and steel-hulled catamaran is a true go-anywhere explorer of these far-flung shores. And, kitted out with the likes of kayaks, custom tenders and a helipad complete with an A-Star heli, she's a catamaran perfectly poised for an expedition of Canada's western reaches.

Of course, that's not to suggest that Cascadia forgoes a touch of elegance and contemporary comfort, too. As well as her small size and guest numbers, an extensive refit has seen this catamaran's interior transformed with the likes of outdoor lounges, an open bridge and a series of well-appointed cabins complete with outside deck and private en suites.

There's also a supremely comfortable lounge, living and dining area, adorned with sink-worthy couches and a library lined with binoculars and wildlife books to hand. And, there's even a massage room for added indulgence, along with a top-deck hot tub – complete with 360° views – for the ultimate in downtime relaxation.

Built: 2007 (refit in 2018)

LOA: 42 metres

Cabin configuration: 12 guest cabins

Guest capacity: 24

Crew capacity: 10

Cruising speed: 7-10 knots

- 2 x landing craft-style tenders
- 6 x double kayaks & 2 x single kayaks
- Whale hydrophone
- Top-deck hot tub
- Massage room
- Helipad with A-Star helicopter
